GENERAL RULES AND REGULATIONS

A. APPLICATION

1. These Tariffs apply to the General Exchange Services of the Duo County Telephone Cooperative Corporation, Incorporated, hereinafter referred to as the Telephone Company, in Exchanges of the Telephone Company in the State of Kentucky. Failure on the part of subscribers to observe the rules and regulations of the Telephone Company contained in these Tariffs, after due notices of such failure, automatically gives the Telephone Company privilege to cancel the contract and discontinue the furnishing of service.

In the event of any conflict between any rate, rule, regulation or provision contained in these General Rules and Regulations and any rate, rule, regulation or provision contained in the Local Exchange Service Tariffs, the General Exchange Service Tariffs, or the Message Toll Telephone Service Tariffs, the rate, rule, regulation or provision contained in the specific tariffs shall prevail.

These Tariffs cancel and supersede all other Tariffs of the Telephone Company issued and effective prior to the effective dates of these tariffs.

B. EXPLANATION OF SYMBOLS

GENERAL RULES AND REGULATIONS

D. USE OF SERVICE AND FACILITIES

1. Ownership and Use of Equipment

Such equipment, instruments and lines are not to be used for performing any part of the work of transmitting, delivering or collecting any message where any toll or consideration has been or is to be paid any party other than the Telephone Company, without the written consent of the Telephone Company, except that a customer to Public Announcement Service, or a Composite Data Service Vendor may use such a service for the transmission of material for which a consideration is paid to the customer by another person. Equipment furnished by the Telephone Company shall, upon termination of service for any cause whatsoever, be returned to it in good condition, reasonable wear and tear thereof excepted.

2. Customer-Provided Terminal Equipment And Wiring

Customer-provided terminal equipment and wiring may be used with the facilities furnished by the Telephone Company, for exchange and long distance message telecommunications service as specified in the following.

a. Responsibility of the Customer

- (1) Where exchange and long distance message telecommunications service is furnished for use in connection with customer-provided equipment and wiring, the operating characteristics of such equipment and wiring shall be such as not to interfere with any of the services offered by the Telephone Company.
- (2) Such use is subject to the further provisions that the customer-provided equipment and wiring does not endanger the safety of Telephone Company employees of the public; damage, require change in or alteration of, the equipment or other facilities of the Telephone Company; interfere with the proper functioning of such equipment or facilities; impair the operations of the telecommunications system or otherwise injure the public in its use of the Telephone Company's services.

GENERAL RULES AND REGULATIONS

D. USE OF SERVICE AND FACILITIES (Continued)

1. Customer-Provided Terminal Equipment

- a. (3) Upon notice from the Telephone Company that the customer provided equipment or wiring is causing or is likely to cause such hazard or interference, the customer shall make such change as shall be necessary to remove or prevent such hazard or interference.
- (4) The customer shall be responsible for the payment of a Maintenance of Service Charge as specified in Part II, Section 10, for visits by the Telephone Company to the customer's premises where a service difficulty or trouble report is a result of customer-provided equipment or wiring.

D. USE OF SERVICE AND FACILITIES (Continued)

3. Use of Subscriber Service

- A. Except as otherwise provided in this Tariff, telephone equipment and facilities are furnished for the use of the subscriber, employees, agents or representatives of the subscriber or members of the subscriber's domestic establishment. except in connection with Semipublic Telephone Service and except as the use of the service may be extended in addition to other service which may be separately ordered to joint users, patrons of hotels, members of clubs, patients of hospitals or to persons temporarily subleasing a subscriber's residential premises, or to approved Sharing and Resale of Basic Local Exchange Service Subscribers or Customer Provided Public Telephones.
- B. Except as otherwise provided in this Tariff, service furnished by the Company is intended only for communications in which the subscriber has a direct interest and shall not be used for any purpose for which a payment or other compensation shall be received by him from any other person, firm or corporation for such use, or in the collection, transmission or delivery of any communication for others. This prohibition shall not apply to a subscriber who is engaged as a communications common carrier in a public telegram message business, or to approved Sharing and Resale of Basic Local Exchange Service Subscribers, or customer provided public telephones.
- C. In view of the fact that the subscriber has exclusive control of his communications over the facilities furnished him by the Company, and of the other uses for which facilities may be furnished him by the Company, and because of unavoidableness of errors incident to the services and to the use of such facilities of the Company, the services and facilities furnished by the Company are subject to the terms, conditions and limitations herein specified.

4. Use of Party Line Service

Applications for party line service are accepted by the Telephone Company with the understanding that each subscriber will so use the service as not to interfere with an equitable proportionate

use of the service by the other subscribers on the same line. When the durations to number of local messages sent or received by a party line subscriber is so great as to prevent an equitable proportionate use of the line by other subscribers on the line, The Telephone Company shall have the right to require the subscriber to contract for a higher grade of service, or to discontinue the service of the subscriber in question. The Telephone Company reserves the right to limit the continuous use of a party line for a local message to five minutes.

5. Tampering with Equipment

The Telephone Company may refuse to furnish or may deny telephone service to any person, firm or corporation on whose premises is located any telephone equipment owned by the Telephone Company which shows any evidence of tampering, manipulation, or operation or use any device whatsoever, for the purpose of obtaining telephone service without payment of the charges applicable to the service rendered.

GENERAL RULES AND REGULATIONS

E. ESTABLISHMENT AND FURNISHING OF SERVICE

1. Application for Service and Membership

- a. Application for service and membership must be made on the Telephone Company's standard form of application. These applications become contracts when accepted in writing by the Telephone Company, or upon the establishment of service. Applicants for service are required to pay in advance, at the time service is established, all charges accruing for the first billing period for exchange service and equipment, and the service connection charge if applicable. The terms and conditions specified in such contracts are subject to these General Rules and Regulations, the General Exchange Service Tariffs and the Local Exchange Service Tariffs and the Local Exchange Service Tariffs for the particular exchange from which service is to be furnished. Any change in rates, rules or regulations shall act as a modification of the contract to that extent, without further notice.
- b. Requests from subscribers for additional service, equipment, etc., may be made verbally, if the original contract provides for such additional service and equipment as may be ordered, and no advance payment will be required. A move from one location to another (Outside Move) within the same Exchange Area is not considered to terminate the contract and orders for such moves may be made verbally.

2. Membership Requirements

- a. The Undersigned (hereinafter called the "Applicant") hereby applies for membership in, and agrees to take telephone service from a corporation organized under the laws of the State of Kentucky, under the name of Duo County Telephone Cooperative Corporation, Inc., (hereinafter called the "Cooperative") for the purpose of furnishing telephone service, upon the following terms and conditions.

1. Each Applicant will be required to pay a membership fee of \$10.00.

E. ESTABLISHMENT AND FURNISHING OF SERVICE (Continued)

2. The applicant will, when telephone service becomes available, take from the Cooperative telephone service and will pay therefor monthly at rates to be determined from time to time in accordance with the by-laws of the Cooperative, it being expressly understood that all amounts paid by Applicant in excess of operating costs and expenses of the Cooperative, are furnished by him as capital and he shall be credited with the capital so furnished as provided by the by-laws.
 3. The Applicant will grant to the Cooperative a right-of-way easement to construct, operate and maintain a telephone line or system on the land described below and in or upon all streets, roads or highways abutting said land.
 4. The Applicant will comply with and be bound by the provisions of the charger and by-laws of the Cooperative, and such rules and regulations as may from time to time be adopted by the Cooperative.
 5. The Applicant, by becoming a member, assumes no personal liability or responsibility for any debts or liabilities of the Cooperative, and it is expressly understood that his private property is exempt from execution for any such debts or liabilities.
- b. This application is made in consideration of similar applications by others and is understood to be an agreement with such Applicants.
- c. The acceptance of this application by the Cooperative shall constitute an agreement between the Applicant and the Cooperative, and shall continue in force for one year from the date the service is made available by the Cooperative to the Applicant, and thereafter until canceled by at least 30 days written notice given by either party to the other.

GENERAL RULES AND REGULATIONS

E. ESTABLISHMENT AND FURNISHING OF SERVICE (CONTINUED)

3. Telephone Numbers

The subscriber has no property right in the telephone number or any right to continuance of service through any particular central office, and the Telephone Company may change the telephone number of the central office designation, or both, of a subscriber whenever it deems it advisable in the conduct of its business so to do.

4. Alterations

The subscriber agrees to notify the Company promptly in writing whenever alterations or new construction on premises owned or leased by him will necessitate changes in the Company's current charges for such changes.

5. Payment For Service

The subscriber is required to pay all charges for exchange services and facilities, and for toll messages (including charges for messenger service) in accordance with provisions contained elsewhere in these General Rules and Regulations. The subscriber is held responsible for all charges for telephone service rendered at his telephone, both exchange and toll, including charges for toll message on which the charges have been reversed.

6. Maintenance and Repairs

All ordinary expense of maintenance and repair of regulated facilities, unless otherwise specified in the Telephone Company's tariff, is borne by the Telephone Company. The subscriber agrees to take good care of the instruments and all accessories connected therewith. In case of loss of, damage to, or destruction of any of the Company's instruments, or accessories, not due to ordinary wear and tear, the subscriber is held responsible for the cost of restoring the equipment to its original condition, except where such damage is not occasioned by the negligence of the subscriber. Subscribers may not rearrange, disconnect, or remove or permit others to rearrange disconnect, or remove any apparatus or wiring installed by the Telephone Company, except upon the written consent of the Telephone Company.

G. ESTABLISHMENT AND MAINTENANCE OF CREDIT

1. Establishment of Credit

The Telephone Company is not obligated to furnish service to any individual or firm that owes for service previously rendered at the same or a different address until arrangements have been made to liquidate such previous indebtedness to the Company.

In order to insure the payment of all charges due for its service, the Telephone Company may require any customer to establish and maintain his credit by furnishing acceptable credit references or a cash deposit.

C
C

2. Deposits

A. Deposit Guidelines

The Company may require a cash deposit to secure payment of bills. Service may be refused or discontinued for failure to pay the requested deposit. Interest, as prescribed by KRS 278.460 will be paid annually either by refund or credit to the customer's bill, except that no refund or credit will be made if the customer's bill is delinquent on the anniversary date of the deposit.

The deposit may be waived by the company upon a customer's showing of satisfactory credit or payment history, and deposits will be returned after one (1) year if the customer has established a satisfactory payment record for that period. If a deposit has been waived or returned and the customer fails to maintain a satisfactory payment record, a deposit may then be required. The Company may require a deposit

Upon termination of service, the deposit and any interest earned will be credited to the customer's account with any credit balance refunded to the customer 90 days following termination of service.

B. Deposit Requirement or Waiver Criteria

In determining whether a deposit will be required or waived, the following criteria will be considered:

1. Previous payment history with the Company. If the customer has no previous history with the Company, statements from other utilities, bank, etc. may be presented by the customer as evidence of good credit.
2. Whether the customer has an established income or line of credit.
3. Length of time the customer has resided or been located in the area.
4. Whether the customer owns property in the area.
5. Whether the customer has filed bankruptcy proceedings within the last seven years.

C. Amount of Deposit

All customers' deposits shall be based upon actual usage of the customer at the same or previous premises for the most recent 12-month period or customers' previous credit history with the company or previous telephone company, if such information is available. If usage information is not available, the deposit will be based on the average bills, calculated annually, of customers in the system. CONSTRUCTION, INSTALLATION AND MAINTENANCE CHARGES

A. GENERAL

1. Lines will be extended in accordance with provisions specified in paragraphs E 1, 2, 3 and 4, Line Extensions, of this tariff.
2. Special charges in the form of installation charges, monthly charges, or both, are applied in addition to the usual service connection charges and monthly rates when, because of the sporadic or occasional nature of the service or an unusual investment or expense, as for example:
 - a. The facilities are provided in remote or undeveloped sections outside the base rate area.
 - b. Conditions require the provision of special equipment or unusual methods of plant construction, installation or maintenance.
 - c. The customer's location requires the use of costly private right-of-way.
3. Title to all construction, as specified in C below, provided wholly or partly at a customer's expense is vested in the Telephone Company.
4. By "cost" is meant the cost of labor and materials including the usual supervisory expenses.
5. When attachments are made to poles of other companies, in lieu of providing construction for which the customer would be charged under the provisions thereof, the cost to the Telephone Company for such attachments is borne by the customer.
6. The customer is required to pay construction charges as made by another company providing facilities connecting with the facilities of the Telephone Company.
7. Construction charges will not apply to the customer's aerial drop which extends from the last pole to the building in which the Telephone is located.

B. SPECIAL TYPE OF CONSTRUCTION

When underground service connections are desired by customers as initial installations in places where aerial drop wire would ordinarily be used to reach the customer's premises, or when aerial facilities are used to provide service to a customer and subsequently the customer desires that such facilities be placed underground, the following regulations apply:

1. Where cable is laid in conduit, the underground conduit shall be constructed and maintained by or at the expense of the customer and in addition the customer shall pay the cost of the underground cable - including the cost of installing such aerial facilities as would be (or are) required to furnish the same service. The Underground conduit shall be constructed in accordance with plans and specifications furnished by the Telephone Company.
2. The duct or ducts required in the underground conduit by the Telephone Company to furnish service shall be reserved for its exclusive use.
3. Where armored cable or wire is laid in a trench, the trench shall be constructed and back-filled by or at the expense of the customer. In addition, the customer shall pay the cost of the cable - including the cost of installing it - less the estimated cost to the Telephone Company of installing such aerial drop as would be (or is) required to furnish the same service.
4. Where facilities are changed from aerial to underground, in addition to the above, the customer is charged the cost of dismantling and removing the aerial facilities.

GENERAL RULES AND REGULATIONS

DIRECTORY LISTINGS

A. GENERAL REGULATIONS

1. The regulations for directory listings, as provided in this section, apply only to the information records and the alphabetical directory or that section of the directory containing the regular alphabetical list of names of subscribers.
2. The alphabetical list of names of subscribers is designed solely for the purpose of informing calling parties of the telephone numbers of subscribers and those entitled to use subscribers' service. Special arrangement of names is not contemplated, nor any form of listing which does not facilitate directory service or is otherwise objectionable or unnecessary for purpose of identification.
3. Names in directory listings shall be limited to the following:
 - a. In connection with residence service:
 - (1) The individual name of the subscriber, or
 - (2) The individual name of a member of the subscriber's family
 - b. In connection with business service:
 - (1) The individual name of the subscriber or
 - (2) The name under which the subscriber is actually doing business as evidenced by signs on the premises, by letterheads, and by name under which a bank account is carried, or
 - (3) The name under which a business is actually being conducted by someone other than the subscriber by such other to use

GENERAL RULES AND REGULATIONS

A. General Regulations (continued)

4. Whenever any question arises as to the right of a subscriber to 1) list the name of a business which he claims he is authorized to represent; or 2) to use a listing which includes the trade name of another; the Telephone Company is privileged to require the subscriber to secure from the owner of such name, written authority to so use it, addressed to the Telephone Company for the acceptance for insertion or for the continuance of such listing; and is privileged to refuse to accept or to delete such listing where 1) such written authority is not so furnished or 2) where such authority is withdrawn by such owner in writing to the Telephone Company.

5. Primary Listings

- a. One listing without charge, termed the primary listing, is provided as follows:

1. For each separate subscriber service. When two or more main station lines or PBX trunks lines are consecutively operated, the first of the group is considered the primary listing.
2. For each semi-public service.

6. Dual Name Listing

- a. A dual name listing may be furnished to a business or residence subscriber as a primary listing subject to the following:

1. an individual subscribing to business service when it is a personal name listing and the person is also known by a nickname;

Hill D (Daryl) CPA 150 Lincoln Avenue XXX-XXXX

2. two individuals subscribing to residence service having the same surname and address, or an individual known by more than one name.

Smith John & Mary 100 Main Street XXX-XXXX
Jones John Mrs (Sue) 301 Oak Street XXX-XXXX

- b. A dual name listing may also be furnished as additional listing at the subscriber's request at the appropriate additional listing rate.

B. Regular Extra Listings

1. Business extra listings may be the names of partners or members of the firm, if the subscriber is a partnership or firm; the names of officers of the corporation; and for any business establishment, the names of associates or employees of the subscriber. No other class of listing, such as service, agency, commodity, etc. will be accepted.
2. Residence extra listings may be the names of members of the subscriber's immediate family.

B. REGULAR EXTRA LISTINGS (Continued)

3. Regular Extra Listings are furnished at the rate quoted in the General Exchange Service Tariffs.
4. Extra Listing charges (except for listings of alternate call numbers and office hours) date from the time the listing is posted on the information records. Information records are posted at the time application for the listing is made, or at the date of issue of the directory, as the subscriber may desire. Charges for listings of alternate call number and office hours become effective as of the date of the issue of the directory.

C. SPECIAL TYPES OF EXTRA LISTINGS

1. Duplicate and Cross Reference Listings.

- (a) Duplicate listings, i.e., listing of nicknames, abbreviated names, names which are commonly spelled in more than one way, and rearrangements of names, are permitted when, in the opinion of the Telephone Company, they are necessary for the proper identification of the subscriber, and are not desired to secure a preferential position in the directory or for advertising purposes.
- (b) Cross reference listings are permitted when their use will facilitate in the handling of telephone calls.
- (c) The Regular Extra Listing rate applies for each Duplicate or Cross Reference Listing.

2. Alternate Call Number Listings

- (a) Listing of an alternate telephone number, other than those covered under paragraph 5-a--"Office Hour Listings" of this Tariff, to be called in case no answer is received, is permitted for subscribers to all classes of service.

C. SPECIAL TYPES OF EXTRA LISTINGS (Continued)

2. Alternate Call Number Listings

- (b) The alternate number may be that of a service not under contract with the subscriber in connection with whose name it appears. In such case, the consent of the subscriber to the alternately listed service must be obtained before the alternate listing is furnished.
- (c) The regular extra listing rate applies for Alternate Call Number Listing.

3. Temporary Tenant Listings

- (a) Residence subscribers who lease their premises for a period of less than one year and request the Telephone Company to render service to their tenant without change in contract, may arrange for listing of such tenant provided that the same time.
- (b) All billing and contractual arrangements remain unchanged, the subscriber being responsible for the payment of all charges.
- (c) The Regular Extra Listings rate applies for each temporary Tenant Listing.

4. Office Hour Listings

GENERAL RULES AND REGULATIONS

D. SHARED TENANT SERVICES LISTINGS

1. A client of shared tenant services may request the reseller, on his behalf, to obtain listings as specified in this tariff. All appropriate charges and regulations for directory listings specified herein are applicable to clients listings. Clients listing changes will be billed to the reseller (customer of record) and will not be billed separately.
2. A client of a reseller who does not require a directory listing but requires that a telephone number be accessible for E-911 or other similar services, must be listed as a Private (unlisted) listing. The unlisted directory number charge will apply per section D.1. preceding.

E. NON-PUBLISHED LISTING

1. A non-published listing is not listed in either the alphabetical section of the Company's directory or directory assistance records and will not be furnished upon request of a calling party.
2. An incoming call to a subscriber with a non-published listing will be completed by the Company only when the calling party places the call by number. The Company will adhere to this practice notwithstanding any claim of emergency the calling party may present. The acceptance by the Company of the subscriber's request to furnish a non-published telephone number does not create any relationship or obligation, direct or indirect, to any person other than the subscriber.
3. In the absence of gross negligence or willful misconduct no liability for damages arising from publishing a non-published telephone number in the directory or disclosing said number to any person shall attach to the Company. Where a non-published listing is published in the directory, the Company's liability shall be limited to and satisfied by a refund of any monthly charges which the Company may have made for such listing. The subscriber indemnifies and saves the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of a non-published listing or the disclosing of said listing information to any person.
4. For accounting purposes, the telephone number, name and address of a subscriber with a non-published listing will be provided to the Long Distance Carrier(s) which furnishes the subscriber long distance message telecommunications service.
5. Non-published numbers, including the name and address of the subscriber, may be released to 911 providers for the purpose of responding to emergency calls. This includes service configurations such as those in which (1) the information is displayed as a Public Safety Answering Point (PSAP) only on a call-by-call basis, or (2) the Company is required to provide the information to the appropriate local 911 authority for all subscribers.
6. Subscribers currently subscribing to non-published listing service as of April 15, 1991 shall be given the opportunity to request that their listing not be supplied to the E-911 provider.

INITIAL CONTRACT PERIODS AND TERMINATION OF SERVICE

1. Except as hereinafter provided, the initial (or minimum) contract period for all services and facilities is one month at the same location.
2. The length of contract period for directory listings, and for joint-user service, where the listing actually appears in the directory, is the directory period. The directory period is from the day on which the directory is first distributed to the subscribers to the day the succeeding directory is first distributed to subscribers.
3. In case of P.B.X. service, the initial contract period shall be at least three years, and the Telephone Company may require longer contract periods, depending upon the size and nature of the installation and equipment for rendering such service.
4. The Telephone Company may require a contract period longer than one month at the same location in connection with special (non-standard) types or arrangements of equipment, or for unusual construction necessary to meet special demands, and involving extra costs.

B. TERMINATION OF SERVICE

1. Service may be terminated prior to the expiration of the initial contract period upon notice being given to the Telephone Company, and upon payment of the termination charges given below, in addition to all charges due for service which has been furnished.
 - a. In the case of service for which the initial contract period is one month, the charges due for the balance of the initial month.
 - b. In the case of directory listings and joint-user service where the listing has appeared in the directory, the charges due to the end of the directory period, except that in the following cases charges will be continued only to the date of termination of the extra listing, subject, however, to a minimum charge for one month.

PAYMENT FOR SERVICE AND FACILITIES

1. The subscriber shall pay for service and facilities monthly in advance, except the Company may waive the advance payment requirement for Departments, Administrations and Agencies of the Federal, State, County, Township or Municipal Governments. Failure to receive a bill does not relieve the subscriber of the responsibility for payment in accordance with the provisions set forth herein.
2. All bills for local, toll or miscellaneous services are due when rendered and payable at the office of the Telephone Company, or an authorized collection agency, on or before fifteen days after the statement date.
 - A. A billing form example is provided in Item 6 following.
3. When warranted, in the judgment of the Company, interim toll bills may be rendered. In such cases, the amounts billed are due and payable on demand.
4. In the event a customer fails to make payment of his account on or before fifteen days after the statement date, that account becomes delinquent and the Cooperative shall send the delinquent customer a written notice of intent to terminate service for non-payment not less than five (5) days before actual termination. After the stated number of days have elapsed on the termination notice, the Cooperative may discontinue service without further notice. Service shall not be discontinued for non-payment less than 20 days following the statement date. A service restoral charge may be applied when service is restored. Service need not be restored unless or until all amounts due on the day of payment is paid in full, including the restoral of service charge and a security deposit if required.
5. A restoral of service charge may be applied for re-establishing service which has been denied for non-payment of charges due. No allowance will be made for loss of service during the period service is suspended for non-payment if payment is made and service restored before the completion of an order to terminate the service. Subsequent to the completion of an order to terminate the service, at the option of the Telephone Company the service may be re-established only on the basis of a new application.

GENERAL RULES AND REGULATIONS

CUSTOMER-PROVIDED OR PAYPHONE SERVICE PROVIDER
PUBLIC TELEPHONES (continued)

2. Service Options

At the request of the subscriber, certain options may be added to the access lines for Public Telephone Service and will be billed at the approved tariff rate. All options must be compatible with the hardware and software in use by the existing Telephone Company switching equipment.

a. Coin Supervision Additive Service

The Company will provide Coin Supervision Additive Service to PSPs who order Access Line Service for the provision of Public Telephone Service and where the Public Telephone equipment connected to the Access Line Service requires central office coin supervision capability.

Coin Supervision Additive Service provides the capability of central office line equipment to pass signals and/or tones from the Access Line Service to a trunk terminating at the PSP's operator service provider. These signals enable an operator service provider to recognize coin deposits and return coins to the Public Telephone user. Coin Supervision Additive Service also permits a suitably equipped operator service provider to automatically ring back the originating access line upon completion of a call.

This option requires a special central office line card which differs from the standard access line card and will be provided where facilities exist.

b. Public Telephone Screening/Blocking

Screening/Blocking for Public Telephone access lines includes Company-provided services necessary to coordinate with operator connections or block subscribers from making specific types of calls. This service includes software translations done at the Company's facilities and also includes coordination between the Company and connecting Company databases.

DEFINITIONS

BASE RATE AREA

A specified area within which local telephone exchange service, other than rural line service, is furnished at rates quoted in the Local Exchange Tariffs without the application of "Zone Charges".

CHANNEL

The term "Channel" designates the electrical path provided by the Telephone Company between two or more locations.

CIRCUIT

The term applies to a channel used for the transmission of electrical energy in the furnishing of telephone service.

COMMON BATTERY SERVICE

Common Battery Service is either manual or automatic service where the talking battery is furnished from the central office and where dial tone is obtained by lifting the receiver of the calling station.

CONNECTING COMPANY

A corporation, association, partnership, or individual owning or operating one or more exchanges and with whom traffic is interchanged.

CONTRACT

The term "Contract" refers to the service agreement between a subscriber and the Telephone Company under which service and facilities are furnished in accordance with the provisions of the Tariffs Applicable.

EXCHANGE

The term "Exchange" means a unit established for the administration of telephone service in a specified area which usually embraces a city, town or village and its environs. It consists of a central office, together with the associated plant used in furnishing communication service within that area.

LOCAL CHANNEL

The term "Local Channel" applies to that portion of a channel which connects a station to the interchange channel; it also applies to a channel connecting two or more stations within an exchange area.

LOCAL EXCHANGE SERVICE

Local Exchange Service provides for telephone communication within an exchange area in accordance with the provisions of the Telephone Company's Tariffs, including the use of exchange facilities as required to establish connection between exchange stations and the toll board, or between an exchange station and toll trunks when such trunks are employed to effect connection with the toll board.

LOCAL MESSAGES

A local message is a communication between subscriber's stations within the same exchange area.

LOCAL SERVICE AREA

That area throughout which a subscriber to local exchange service, at a given rate, obtains telephone service without the payment of a toll charge.

GENERAL EXCHANGE SERVICE TARIFFS
APPLICATION AND EXPLANATION OF SYMBOLS

A. Application

These Tariffs apply to the General Exchange Services of the Duo County Telephone Cooperative, Inc., hereinafter referred to as the Telephone Company, in Exchanges of the Telephone Company in the State of Kentucky. In the event of any conflict between any rate, rule, or regulation contained in these General Exchange Service Tariffs and any rate, rule, or regulation contained in the Local Exchange Service Tariff the Local Exchange service Tariff shall apply.

The provision of services and facilities, as provided herein, is subject to the General Rules and Regulations of the Telephone Company, which General Rules and Regulations as they now exist or as they may be revised, added to, or supplemented by superseding issues are hereby made a part of the General Exchange Service Tariffs.

These Tariffs cancel and supersede all other Tariffs of the Telephone Company issued and effective prior to the effective date of these Tariffs.

B. Explanation of Symbols

- (C) Signifies a changed regulation.
- (D) Signifies a discontinued rate, treatment or regulation.
- (I) Signifies an increased rate or new treatment resulting in an increased rate.
- (N) Signifies a new rate, treatment or regulation.
- (R) Signifies a reduced rate or new treatment resulting in a reduced rate.
- (T) Signifies a change in text but no change in rate, treatment or regulation.
- (O) Signifies an obsolete service that will not be offered to new requests.

GENERAL EXCHANGE SERVICE TARIFFS

SERVICE CONNECTION CHARGES

A. General . . .

1. The term "Service Connection Charge" is used to define the non-refundable charge made for the establishment of a class of telephone service of subsequent additions or modifications to said service.
2. No distinction is made between an "Outside Move" and a "New Installation". All changes of subscriber's service from one premise to another (except as otherwise provided under inside moves and changes) are treated as new service connections with Service Connection Charges applying.
3. Service Connections Charges are in addition to any other scheduled rate or charge normally applying under the Tariffs. They apply in addition to construction charges made because of unusual costs in establishing service.
4. Service Connection Charges may be payable at the time application is made for the particular service or facility, and prior to the establishment of service, or upon presentation of a bill. Service may be established in advance of payment in the case of Service Connection Charges for additions to the services of establishing subscribers.

B. Changes . . .

1. "New Installation" or "Reinstallation" Charges apply if the following services are established. Services for which this charge applies are: Network Access Terminal, Foreign Exchange Terminals & Tie Trunk Terminals: \$20.00 EACH
2. "Reconnect" Charges apply if all regulated wiring is in place and no change in either is required in order to provide the requested service. The applicable services are those listed in paragraph B.(1) above \$12.00 EACH

3. Link-Up Kentucky

GENERAL

- A. Link-Up Kentucky is offered in all exchanges to provide subsidized assistance to qualifying applicants. It is intended to preserve and promote subscribership among low income households by providing a credit to the installation and connection charges applicable to the provisioning of residence services.

REGULATIONS

- A. Persons wishing to qualify for the credit must meet state certification criteria for eligibility. This credit is available only to residence customers and will be applied to the non-recurring charges for the establishment of service for a single telephone line per household at the principal place of residence.
- B. The subscriber must have lived at an address where there has been no telephone service for at least three months prior to the date that assistance is requested.
- C. The subscriber must not have received this assistance within the last two years, with receipt of such assistance to be measured from the date of initiation of the telephone service for which assistance was provided.
- D. The subscriber must not be a dependent for federal income tax purposes, unless the subscriber is more than 60 years of age.
- E. The subscriber must meet the requirements of a state established income test.
- F. Link-Up will be available to persons who are receiving Supplemental Security Income (SSI), Aid to Dependent Children (ADC), food stamps or medical assistance.
- G. Any subscriber who is denied Link-Up certification may file an informal complaint with the Kentucky Public Service Commission if, in the subscriber's opinion, Link-Up certification should have been granted.

RATES AND CHARGES

- A. A non-recurring credit in the amount of one-half (maximum of \$30.00) of the installation and connection charges will be applied to the subscriber's total non-recurring installation and connection charge.

27. Custom Calling Services

I. General

A. Call Waiting

Provides the user, busy on a call, with a private signal which alerts him to an unanswered call waiting to be completed to his number. The user may then hold the existing call, answer the incoming call and alternately talk on both calls until one has been terminated.

B. Call Forwarding

Provides for transferring incoming calls to another telephone number by dialing a code and the telephone number of the service to which calls are to be transferred. Satisfactory transmission levels cannot be assured on calls forwarded outside of the local calling area.

C. Three-Way Calling

Permits an existing call to be held, and by dialing, a second telephone call can be established and added to the connection. Two toll points may be connected on a Three-Way Calling. Normal transmission performance cannot be assured on all calls.

D. Speed Calling (8 Code and 30 Code)

Provides for the calling of a 7 or 10 digit telephone number by dialing an abbreviated code. The arrangement available has an eight (8-code) or thirty (30-code) number capacity.

E. Wake Up Service

Permits a customer to program his network service to initiate a call at a predetermined time. The service can be discontinued and reinitiated from the customer's touchtone phone.

II. Provision of Service

A. The services are limited to those areas served by central offices arranged for Custom Calling Services.

B. The services are furnished only in connection with individual line service. The service is not available with Centrex service, private branch exchange service.

34.2 Coin Supervision Additive Service

A. Description

MAR 01 1998

The Telephone Company will provide Coin Supervision Additive Service to Payphone Service Providers (PSP) who order local exchange service lines for the provision of pay telephone service and where the pay telephone equipment connected to the local exchange service lines requires central office coin supervision capability.

Coin Supervision Additive Service provides the capability of central office line equipment to pass signals and/or tones from a local exchange service line to a trunk terminating at the PSP's operator service provider. These signals enable an operator service provider to recognize coin deposits and return coins to the pay telephone user. Coin Supervision Additive Service also permits a suitable equipped operator service provider to automatically ring back the originating local exchange service line upon completion of a call.

B. Rates and Charges

Monthly Rate

Per Exchange Service Line \$.50

The Coin Supervision Additive Service charge is assessed monthly to the PSP for each local exchange service line for which Coin Supervision Additive Service is provided.

35. Shared Tenant Service Offerings

A. General

1. In general, Basic Local Exchange Service is furnished for the exclusive use of the subscriber, and the subscriber's family, guests, employees, agents or representatives. Resale of Basic Local Exchange Service is permitted only under the specific conditions described in this Tariff. For the purpose of this Tariff section, "sharing" of Basic Local Exchange Service is considered synonymous with "resale" of Basic Local Exchange Service.
2. When in the judgment of the Company it is deemed necessary, or when the projected number of clients is five or more, the customer must apply in writing to resell exchange services provided by the Company and may be required to submit layout maps defining the intended geographic resale area and anticipated development plan in terms of new or existing buildings.

All rates and charges in connection with the resale operation and all repairs and rearrangements behind and including the reseller's communication system will be the responsibility of the reseller (customer of record) owner. The reseller will be the single point of contact for all shared tenant services provided in the resale service area. Customers who choose to obtain service directly from the Company may subscribe to any local exchange service available.

Nothing in this Tariff section impairs the Company's franchise or ability to operate in the state. This Tariff is not intended to nor does it enfranchise or certify the recipients of this service as a telecommunications company.

5. The minimum period of service is 36 months with a Service Cancellation Fee (SCF) applicable at the date of termination based on the exchange rates in effect. The Service Cancellation Fee is reduced by 1/36 per month and will be an amount equal to the trunk rates being billed at the time of termination. A nine month notice is required prior to termination of service by the reseller. If a nine month notice is not received, the resellers will be required to continue to provide access service until the company can provide individual access facilities, but in no case will this requirement extend beyond nine months from the date that the notice is received.
6. When a subscriber located within the designated resale service area wishes to be directly served by the Company on a non-resale basis, or when Duo County or customer provided Coin Telephone Service is to be provided in the resale service area, the owner/developer will bear the responsibility for and cost of providing premises access for such services. The owner/developer will make either cable pairs or their equivalents available, or provide facility support (conduit or poles) access to the Company at no charge for provision of these services.
7. The Company will provide facilities to the first point (demarcation/network interface) on the resellers's premises which, in the judgment of the Company is suitable for the location of a network interface. The most economical route from existing network distribution facilities will generally determine the approach used in establishing the point-of-demarcation. The customer may designate an alternate approach route for entrance facilities at additional construction charges as specified in this Tariff. KEY TELEPHONE SYSTEMS

A. GENERAL

Description

A key telephone system is an arrangement of equipment employing telephone sets with keys in the mounting. These are employed either exclusively or in combination with other telephones with no keys. A key telephone system is designed to provide one or more of the service features listed below:

Pickup

An arrangement whereby a telephone may be connected to one or more lines by key operation at that telephone.

Holding

An arrangement in which by key operations a call may be held on one line while a call is made or answered on another line.

Intercommunication

An arrangement in which by key operation two or more telephones may communicate with each other.

Exclusion

An arrangement in which the manual operation of a manual exclusion button disconnects other telephones from the line, or disconnects a common buzzer in the set, with automatic key service.

Patch Unit

An arrangement in which by key operation 1 key system can be patched together into a multi-party conference circuit.

Signaling

An arrangement whereby signaling is provided between stations either automatically, by key operation, by dial operation, or by push button.

Intercommunication Between Main and Extension Telephones in
Different Buildings:

A key telephone system can be arranged to provide for intercommunication between main and extension telephones in different buildings, where transmission limitations will permit, as well as to originate and receive central office calls at both points.

Signaling Arrangements

Signaling on Central Office, Branch Exchange Station and Private Lines.

Signaling on central office, branch exchange station and private lines is by means of individual bells connected to each line or common bells connected to two or more lines through the use of a control unit on each line.

Signaling Between Telephone of a Key Telephone System.

Signaling between telephones of a key telephone system is necessary when the system is arranged for intercommunication; in other cases signaling between telephone may not be necessary.

For the key telephone system providing for intercommunication between main and extension telephones, signaling is provided by buzzers or ringers operated either by means of push buttons or automatic signaling units, and is normally on a selective basis.

B. REGULATIONS

1. Lines With Which Key Telephone Systems May Be Furnished

Key telephone systems are regularly available only in connection with individual lines (excluding semi-public and public telephone lines), PBXm Centrex, WATS and private line services.

2. Non-key telephones may be bridged to any key telephone system. The number of telephones which may be connected to a line either directly or key operation is limited to such number as in the judgement of the Company will not interfere with efficient telephone service.

GENERAL EXCHANGE SERVICE TARIFFS

FOREIGN EXCHANGE SERVICE

1. Except in the case of tie lines and individual private branch exchange stations, the rate for foreign exchange service is the monthly rate for individual line main station service, private branch exchange trunk lines or private branch exchange system applicable within the base rate area of the designated central office of the foreign exchange area, plus charges as follows for each circuit:

- A. \$1.70 per month per quarter-mile or fraction thereof, for the distance, route measurement, between the central office from which the subscriber normally would be served and the central office in the foreign exchange from which the subscriber desires to be served, or in the event the Telephone Company has no exchange in any foreign territory or on account of non-patronage or circumstances beyond its control, an exchange is discontinued and any individual main station or private branch exchange system applicable within such foreign territory applies for said individual line service then the foreign exchange rate of \$1.70 per quarter-mile per month applies. In addition, the subscriber is charged with any extra exchange line mileage charges which would apply for connection with the central office from which service normally would be rendered.

2. For tie lines connecting switchboards in different exchange areas mileage charges apply as follows for each circuit:

- A. \$1.70 per month per quarter-mile or fraction thereof for the distance, route measurement, between the switchboards.

(Guarantee Pay Station)

1. Semi-public telephone service is an arrangement under which a subscriber station is equipped with a coin collecting device, designed for a combination of subscriber and public usage, and will be furnished on individual lines only, at the following types of locations:
 - A. At locations where, in the opinion of the Telephone Company, the installation of a public telephone is not warranted but where there is an appreciable demand for service on the part of transients.
 - B. At locations where there is a collective use of the service by a relatively stable body of guests, members, employees or occupants.
 - C. At any location where the demand for service is for a combination of transient and subscriber usage.
2. The Telephone Company does not undertake to provide booths for housing semi-public telephones but the subscriber may at his option provide at his own cost suitable booths, shelves or cubicles for such purpose.
3. Subscribers to semi-public telephone services are entitled to regular listings in the Telephone Company's official directory and may advertise such numbers for incoming calls and business purposes, subject to rules and regulations otherwise specified in this Tariff.
4. Local messages from Semi-Public Telephones are charged for at the rates shown in the General Exchange Service Tariffs and Toll Messages are charged for at the Telephone Company's established rates.
5. When the monthly receipts from local service are less than the amount of the guarantee, the subscriber will be billed for the difference. Such bills are subject to the same terms and treatment as bills rendered for other types of local exchange service.
6. All spurious, mutilated and foreign coins and slugs found in the coin receptacle and all charges for long distance service will be deducted before computing receipts from local service over semi-public telephones.

GENERAL EXCHANGE SERVICE TARIFFS
PUBLIC TELEPHONE SERVICE

1. A public telephone is an exchange station installed at the Telephone Company's option, in charge of an attendant, or equipped with a coin collecting device, at a location chosen or accepted by the Company as suitable and necessary for furnishing service to the general public.
2. Persons with whom arrangements are made by the Telephone Company for the installation of Public Telephones are considered as the agents of the Company in serving the public.
3. Public telephones are installed upon the agent signing established forms of application, without specific term, terminable by either an agent or the Telephone Company upon written notice.
4. No listings in the directory are allowed in connection with public telephone service.
5. Local Messages from Public Telephones are charged for at the rates shown in the General Exchange Services Tariff and Toll Messages are charged for at the Telephone Company's toll operator, information clerk, repair clerk, business office or any of its duly authorized officials.

GENERAL EXCHANGE SERVICE TARIFFS
DIRECT INWARD DIALING SERVICE

A. Rules and Regulations

1. DID service permits incoming calls to a PABX or other customer premises equipment from the network to reach a specific station line number without the assistance of an attendant. DID service is provided subject to the availability of facilities and may be furnished from the central office which regularly services the area in which the customer is located or from a foreign central office equipped to provide DID service subject to the appropriate Company intra and inter-exchange rates.
2. Rates are in addition to the rates shown elsewhere in this and other Company tariffs for the services and equipment with which this offering is associated.
3. The service includes central office switching equipment necessary for in-dialing from the network directly to station lines associated with customer premises switching equipment.
4. The service must be provided on all trunks in a group arranged for inward service. Each trunk group shall be considered a separate service.
5. Facilities and operational characteristics of interface signals between the Company-provided connecting arrangements and the customer-provided switching equipment must conform to the rules and regulations the Company considers necessary to maintain proper standards of service.

6. One primary directory listing will be furnished without charge for each separate trunk group.
7. The customer shall be responsible for providing interception of calls to vacant and nonworking assigned DID numbers by means of attendant interceptor recording announcement service.
8. DID numbers are provided in blocks consisting of 20 consecutive numbers which may be assigned to station lines or reserved for future use at rates specified herein. The Company does not guarantee to provide specific number blocks. The company will be responsible for interception and administration of reserved numbers.
9. The minimum committment period for the service is three years. In case of discontinuance or reduction of service within the minimum committment period, a basic termination charge equal to 36 months of the rates for service terminated reduced by 1/36th for each full month of service provided shall apply.

TELECOMMUNICATIONS RELAY SERVICE SURCHARGE

A. Rules and Regulations

1. Pursuant to KPSC Administrative Case No. 333 and Case No. 372, a monthly surcharge shall be imposed on all local exchange access lines to fund the Kentucky Telecommunications Relay Service. For purposes of application of this surcharge, access lines are defined as facilities which provide access to and from the telecommunications network for toll service and for local calling with the exception of Public Coin, WATS, Remote Call Forwarding, Radio Common Carriers, InterLATA Foreign Exchange Lines, Private Line Services, Mobile, Other Common Carriers and Company Official Accounts. The surcharge shall appear as a separate line item on the customer's bill and shall read "TRS/TAP Surcharge".

T

B. Rates and Charges

1. The Commission has determined the amount of the surcharge will be as follows:

Monthly Recurring Charge/Access Line T
Through 6/30/2008 After 6/30/2008 T

Kentucky Telecommunications Relay Services	\$0.07 R	\$0.07 R
Telecommunications Access Program T	\$0.02 I	\$0.01
Total TRS/TAP Surcharge	\$0.09 R	\$0.08 R

However, this amount is subject to change by the Commission to meet the needs of providing Telecommunications Relay Service for the hearing and/or speech impaired persons in Kentucky.

GENERAL EXCHANGE SERVICE TARIFFS
CALL SCREENING AND RESTRICTION SERVICES

A. General

1. Customized Code Restriction (CCR) is a service which enables customers to restrict certain types of outgoing calls from being placed over their exchange lines/trunks. This capability is provided only by means of recorded announcement restriction. It is offered with options containing various sets of codes to be restricted, and is available to basic exchange customers with individual line residence or business service or PBX trunks.

B. Rules and Regulations

1. Customers may subscribe to whichever option meets their needs, but only one option may be provided on a line/trunk or group of lines/trunks.
2. CCR is furnished only from central offices where facilities permit.
3. CCR does not provide restriction of non-chargeable calls to Company numbers such as repair service or to public emergency service number (911).
4. Subscribing to CCR does not relieve customers of responsibility for calls charged to their numbers.
5. Customers who subscribe to CCR options which restrict operator access are required to place stickers on each restricted telephone indicating the operator cannot be reached.
6. The Company shall not be liable to any person for damages of any nature or kind arising out of, or resulting from, or in connection with the provision of this service, including without limitation, the inability of station users to access the operator for any purpose, or any other restricted codes specified for the options.

ADVANCED CALLING SERVICES

A. Applications

1. Advanced Calling Services are a family of incoming and outgoing call management services offered in addition to basic telephone service that allow business and residential subscribers to screen, redirect or return selected calls.

B. Definition of Feature Offerings

1. Repeat Dialing

Repeat Dialing allows the customer to automatically redial the last number dialed. If the called line is not busy, the call will be placed. If the called line is busy, a confirmation announcement is heard, the customer hangs up and a queuing process begins. Unless cancelled, for the next 30 minutes both the calling and the called lines are checked periodically for availability to complete the call. If during this queuing process the called line becomes idle, the customer is notified, via a distinctive ring, that the network is ready to place the call. When the customer picks up the telephone the call will automatically be placed.

2. Call Return

This feature enables a customer to automatically return the last incoming call whether it is answered or not. Upon activation of the feature, the customer receives an automated voice response message stating the number of the party who called and is given the option of returning the call.

If the called line is found to be busy, a 30-minute queuing process begins. The customer is given an indication that the network will attempt to set up the call when the called line is idle. The network periodically tests the busy/idle status of both parties until both lines are found idle, the customer cancels the request or the queuing process expires. If both lines are found to be idle, the called party is alerted with a distinctive ring signifying that the call may now be completed.

3. Caller I.D.- Basic (Number Delivery) C

This feature enables the customer to view on a display unit the Directory Number (DN) on incoming telephone calls.

When Caller I.D. - Basic is activated on a customer's line, the Directory Numbers of incoming calls are displayed on the called CPE during the first long silent period of the ringing cycle. C

Any customer subscribing to Caller I.D. - Basic will be responsible for the provision of a display device which will be located on the customer's premises. The installation, repair and technical capability of that equipment to function in conjunction with the feature specified herein will be the responsibility of the customer. The Company assumes no liability and will be held harmless for any incompatibility of this equipment to perform satisfactorily with the network features described herein. C

If the incoming call originates from a multi-line group, the telephone number transmitted will always be the main number of the hunt group unless the calling number is Telephone Number (TN) identified within the group.

Caller I.D. - Basic is not available on operator-handled calls. C

3.1 Caller I.D. - Deluxe (Name and Number Delivery)

This feature enables the customer to view on a display unit the calling party Directory Name and Directory Number on incoming telephone calls.

A maximum of 15 characters is allowed for transmission of the calling party Directory Name.

When Caller I.D. - Deluxe is activated on a customer's line, the calling party Directory Name and Directory Number on incoming calls will be displayed on the called CPE during the first long silent interval of the ringing cycle. The date and time of the call is also transmitted to the Caller I.D. - Deluxe customer.

Any customer subscribing to Caller I.D. - Deluxe will be responsible for the provision of display device which will be located on the customer's premises. The installation, repair and technical capability of that equipment to function in conjunction with the feature specified herein will be the responsibility of the customer. The Company assumes no liability and will be held harmless for any incompatibility of this equipment to perform satisfactorily with the network features described herein.

If the incoming call originates from a Multi-Line Hunt Group, the telephone number and name information transmitted will be associated with the main number in the hunt group, unless, facilities permitting, the lines within the group are TN (Telephone Number) identified.

Calling party name and/or telephone number information via Caller I.D. - Deluxe is not available on operator-handled calls.

4. Caller I.D. Blocking

a. Caller I.D. Blocking-Per Call

This feature allows a customer to prevent their directory number and/or directory name on a per-call basis from being seen by someone with Caller I.D. service or from being announced to someone with Call Return or Call Screening service. When the feature is activated before a call, a private status message will be sent instead of the number and/or name. C

This feature will be available without presubscription.

b. Caller I.D. Blocking-Per Line

This feature enables a customer to make all calls with the delivery of their calling number and/or name marked as "private". The feature is applicable on all outgoing calls placed from the customer's line; however, if the preassigned activation code for Caller I.D. Blocking-Per Call is dialed on the line, the calling number and/or name may be delivered. C

This service is only available upon request to the following entities and their employees/volunteers, for lines over which the official business of the agency is conducted including those at the residences of employees/volunteers where the head of the agency certifies to Telephone Company management a need for blocking upon health and safety concerns: (a) non-profit, tax exempt, private and public social welfare agencies such as domestic violence intervention agencies, (b) federal, state and local law enforcement agencies. Operator services and 9-1-1 service takes precedence over Caller I. D. Blocking-Per Call and Per Line service with all calling numbers available regardless of the privacy status.

5. Call Trace

This feature enables the customer to initiate an automatic trace of the last incoming call. Upon activation by the customer, the network automatically sends a message to the Company's Annoyance Call Bureau indicating the calling number, the time the trace was activated and the time the offending call was received. The customer using this feature would be required to contact their servicing law enforcement agency and have presented to the Telephone Company a District Court order authorizing results of traces initiated by the customer to be released directly to the proper authorities for legal handling. There will be a charge to the customer for each annoyance call report provided. The customer acknowledges their understanding that under no circumstances will trace results be provided directly to the customer.

6. Priority Ringing

This feature allows subscribers to program their lines for a distinctive ringing pattern associated with up to twelve (12) specific calling telephone numbers and with a normal ringing pattern for all other calling numbers. In addition, for subscribers who also have Call Waiting, a distinctive call waiting tone is generated when the line is called by one of the directory numbers included on the Priority Ringing screening list.

7. Preferred Call Forwarding

Preferred Call Forwarding allows the customer to transfer selected calls to another telephone number. A screening list of up to twelve (12) numbers is created by the customer and placed in the network memory via an interactive dialing sequence. Subsequently, calls are forwarded to the Call Forwarding telephone number only if the calling number can be obtained and is found to match a number on the screening list.

8. Call Screening

This feature provides the customer the ability to prevent incoming calls from up to twelve (12) different telephone numbers.

A screening list is created by the customer either by adding the last unwanted call received or by pre-selecting the telephone numbers to be blocked. When a call is placed to the customer's number from a number on the screening list, the caller receives an announcement indicating that the party he is attempting to call does not wish to receive calls at this time.

9. Special Call Acceptance

This feature provides the customer the ability to select up to twelve (12) customer telephone numbers from which calls are to be received. All other calls are interrupted and routed to a recorded announcement that informs the caller the customer is not accepting calls.

10. Call Forwarding-Don't Answer

This feature provides for calls terminating to a subscriber's idle directory number to be forwarded to another telephone number. The customer selects the forward-to telephone number and the ring count interval and has the capability to activate and deactivate the service by using dialing codes.

11. Call Forwarding-Busy Line

This feature provides for calls terminating to a subscriber's busy directory number to be forwarded to another telephone number. The customer selects the destination telephone number and has the capability to activate and deactivate the service by using dialing codes.

3. Service and Installation Charges

T

- a. Installation charges are not applicable when Advanced Calling Services are provided at the same time as the business or residence individual service is established.
- b. As part of the Company's special introductory promotion, installation charges will not be applicable to customers who subscribe to Advanced Calling Service during a twelve (12) month period after the effective date of each Advanced Calling Service Tariff. Installation charges for Custom Call or Touch Calling services will not be applicable when these services are provided at the same time as the establishment of Advanced Calling Service during this introduction period. The monthly recurring charge will be waived for the initial month for each Advanced Calling Service feature customers subscribe to during the special introductory promotional period.
- c. During selected periods of a special promotion of Advanced Calling Service, Custom Call or Touch Calling Service, the installation charge (premise visit not required) does not apply to any order on which any of these services are being established and for which that charge is the only service charge which would have normally applied on the order. If other work which would have normally required the application of any other service charge(s) is requested on the same order, then those applicable charges apply.

VOICE MAIL SERVICE

A. Applications

1. Voice Mail Service is an electronic voice messaging system offered in addition to basic telephone service that addresses the voice processing needs of business and residential subscribers.

B. Definition of Feature Offerings

1. Voice Mail

Voice Mail provides customers a convenient and dependable way to answer their calls when they are unavailable by providing a pre-recorded message and recording the caller's message. Included with this service is Call Forwarding-Don't Answer service which forwards unanswered calls to the customer's Voice mailbox. The customer may retrieve the messages from their line or from any line by dialing appropriate codes and using the correct password.

A message waiting indicator lamp, subject to availability of facilities, on the customer's phone or a special dial tone alerts the customer of any new messages. The customer may retrieve the messages by dialing the appropriate password.

All interaction with Voice Mail is private and confidential with security protection provided for each user by a personally-assigned password.

a. Optional Features

1. Personal/Extension Service - Provides the customer the ability to have three sub-mailboxes allowing different people associated with the same directory number to receive private messages.
2. Remote Notification (Out-dialing) Service - Customers can be notified at a different telephone number or pager that a message is waiting in their mailbox.
3. Remote Voice Mail - Allow non-access line customers to subscribe to Voice Mail Service.

GENERAL EXCHANGE SERVICES TARIFF
LIFELINE

A. Description of Service

1. The Lifeline program is designed to increase the availability of telecommunications services to low income subscribers by providing a credit to monthly recurring local service for qualifying residential subscribers. Basic terms and conditions are in compliance with the FCC's Order on Universal Service in CC Docket 97-157, which adopts the Federal-State Joint Board recommendation in CC Docket 96-45, which complies with the Telecommunications Act of 1996. Specific terms and conditions are as prescribed by the Kentucky Public Service Commission and are as set forth in this tariff.
2. Lifeline is supported by both the federal and state universal service support mechanisms.
 - a. The state universal service support mechanism will be funded by a Kentucky Public Service Commission approved charge on all customers' bills. The Company will bill the charge as prescribed by the Kentucky Public Service Commission. The approved monthly charge is as follows:

Kentucky Lifeline Support \$0.08/access line

I

3. The total support of \$13.00 is available for each Lifeline service and is passed through to the subscriber. The amount of credit funded by the state is \$3.50 with the remaining \$9.50 to be collected from the federal fund. The amount of credit will not exceed the charge for local service, which includes the access line, the Subscriber Line Charge and local usage.

B. Regulations

1. General
 - a. Customers eligible under the Lifeline program are also eligible for connection assistance under the Link-Up program.
 - b. One low income credit is available per household and is applicable to the primary residential connection only.
 - c. A Lifeline customer may subscribe to any local service offering available to other residence customers.
 - d. Toll blocking, if elected, will be provided at no charge to the Lifeline subscriber.

INTEGRATED SERVICES DIGITAL NETWORK (ISDN)
BASIC RATE INTERFACE (BRI)

A. Description of Service

Integrated Services Digital Network - Basic Rate Interface (ISDN-BRI) is a local exchange telecommunications service that provides an integrated voice/data communications capability for the transmission of circuit switched voice, circuit switched data and packet switched data on an incoming and outgoing basis. The B channels are used for voice or circuit switched data up to 64 kbps. The D channel is used to carry signaling information for the B channels plus packet switched data. The service is available from specially equipped digital switching equipment located in the Telephone Company's central offices.

B. Regulations

1. All ISDN-BRI service offerings are available to both residence and business customers.
2. A minimum service period of three months will be required on all ISDN-BRI service offerings.
3. The Company shall not be responsible if changes in any of the equipment, operations or procedures of the Company utilized in the provision of ISDN services render any facilities provided by the customer obsolete or require modification or alteration of such equipment or otherwise affect its use or performance.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

MAY 07 1998

Customer premises equipment that is compatible with the Company's ISDN interface is the responsibility of the customer. The Company's service interface terminates in a standard network interface device normally located on the outside of a customer premise.

5. ISDN service will only be provided where central office and outside plant facilities and capabilities permit its provision.

The Company's vacation rate plan does not apply to ISDN service.

ISDN-BRI subscribers may upgrade their service plans without installation charges.

8. B channel circuit switched services offer up to 64 kbps intra-office transmission of voice or data. ISDN interconnection to non-ISDN equipped central offices or across interexchange carrier non-ISDN capable transmission facilities will be potentially subjected to analog transmission or sub-rated to 56 kbps.

SMALL BUSINESS CENTREX SERVICE

A. Description of Service

Small Business Centrex Service is a multi-line network arrangement offered to the small business customer with a minimum of five (5) or more lines or trunks at primary location and up to a maximum of twenty (20) lines. Businesses that have requirements exceeding the maximum will be offered on a contract basis. Small Business Centrex Service consists of digital switching equipment in the Telephone Company's switches connected to station lines on the customer's premises. Centrex Service enables the customer to originate and receive local calls within its local calling area at no additional charge. Service to points within the local calling area is included in the charge for Centrex service.

B. Regulations

1. A minimum service period of twelve (12) months will be required on all Centrex offerings. During the initial service period, the customer must maintain the minimum Centrex lines (5 lines), or 90% of the initial configuration, whichever is greater. In case of discontinuance or reduction of service below the required minimum within the minimum commitment period, a basic termination charge equal to twelve (12) months of the rates for service terminated reduced by 1/12 for each full month of service provided shall apply.
2. Centrex Service is furnished for the exclusive use of subscriber and the subscriber's employees, agents or representatives and shall not be shared or resold.
3. Centrex Service is available only when company facilities are available in sufficient quantities to service the Centrex site and surrounding existing and future customers.
4. The installation rates and charges shown apply to standard installations. Where a customer requires a special type of installation or when the conditions imposed by the customer cause the installation to be excessive in cost, charges equivalent to the excessive cost may be applied.
5. The customer can order single Centrex lines at other locations within the Telephone Company's exchanges within the local calling area, but the total of single lines cannot exceed the number of Centrex lines at the primary location.

EXTENDED LOCAL CALLING SERVICE

A. Description

Extended Local Calling Service provides optional local calling plans that enables customers of the plans to receive discounted calling to plan-specified exchanges outside a customer's local calling area.

B. Regulations

1. The local calling plans offered under Extended Local Calling Service are available to all business and residential customers except as specified herein.
2. Extended Local Calling Service will not be offered in connection with coin telephone service or foreign exchange service.
3. Rates for these calling plans are in addition to rates for local exchange service. The charge is assessed on a per line basis.
4. Customers have the option of choosing detail billing with the plan. Customers who choose detail billing will be charged the monthly recurring charge as specified in Section C following.
5. The customer should dial calls made to the specified areas under a plan on a 1+ station-to-station sent paid basis without assistance of a telephone company operator.
6. The initial period for the billing of the calls is sixty (60) seconds. Additional billing periods are measured in sixty (60) second increments.
7. The services are provided subject to the availability of trunking facilities and technical limitations and limited to the company's central offices specifically equipped to provide such service.

GENERAL EXCHANGE SERVICE TARIFFS

CHANNELIZED TRUNK SERVICE

A. Description of Service

1. General

Channelized Trunks provide channelized DS1/1.544 Mbps circuits available for voice intraLATA communications services only. Channelization is provided in the central office by D-type channel banks or equivalent which generally provide analog to digital conversion, permitting channels to be transported over digital high capacity facilities. The total number of trunks activated by the customer may not exceed the capacity of the Service Interface. Channelized Trunks are available where appropriate facilities exist as determined by the Company.

Channelized Trunks provides up to twenty-four Direct Inward Dial (DID) trunks, Outward Only trunks, Combination trunks, or a blend of these trunks, via a channelized DS1 (1.544 Mbps) transport facility. Individual DSO (64 Kbps) Channels provided via Channelized Trunks will each be identified as a "time slot" within a DS1 facility.

The design, maintenance and operation of Channelized Trunks are intended for communications originating and terminating from customers' premises to the normal Service Wire Center (SWC).

2. Elements of Service

a. 1.544 Mbps Access Line

The term "1.544 Mbps Access Line" denotes a path for Channelized Trunks between the customer premises and its normal Serving Wire Center (SWC). There is one 1.544 Mbps Access Line per DS1 facility and each line has a 1.544 Mbps data transmission rate. This line provides for the two-way simultaneous transmission of isochronous-timed, Bipolar Return to Zero (BPRZ) bit stream format except where intentional bipolar violations are introduced by Bipolar with 8 Zero Substitution (B8ZS) format. Unframed signal formats are not compatible with Company equipment.

b. 1.544 Mbps Interoffice Facility

The term "1.544 Mbps Interoffice Facility" denotes a path for Channelized Trunks between Company SWCs within a LATA. A 1.544 Mbps Interoffice Facility may be furnished in such manner as the Company may elect.

CHANNELIZED TRUNK SERVICE (continued)

N

A. Description of Service (continued)

2. Elements of Service (continued)

c. Service Interface

The term "Service Interface" denotes channelization capacity for the 1.544 Mbps Access Line associated with Channelized Trunks in Company's central office. There is only one Service Interface per DS1 facility. Individual DSO channels are made available for interconnection with the switched network either in single channels or in capacities of twenty-four voice grade channels.

d. Channels

The term "Channels" denotes the individual DSO-level trunk types that are provided with Channelized Trunks. Terminations to the switch for DID, Outward Only and/or Combination trunks are available in quantities of up to twenty-four per 1.544 Mbps Access Line and Service Interface.

e. Telephone Numbers

One Telephone Number is provisioned for Combination and Outward Only channels. DID Channel types may have more than one telephone number.

f. Customer Premises Equipment (CPE)

A Channel Service Unit (CSU) or appropriate CPE provided by the customer is required at the customer premises to perform such functions as; 1) proper termination of service; 2) amplification, signal shaping; and/or 3) remote loopback.

B. Regulations

1. A minimum service period of three (3) months will be required on all Channelized Trunk service offerings.
2. To ensure satisfactory operation, terminal equipment provided by the customer must be compatible with the DS1/1.544 Mbps arrangement provided by Duo County Telephone.

CHANNELIZED TRUNK SERVICE (continued)

B. Regulations (continued)

3. Unless specified otherwise, Channelized Trunks Regulations as set forth herein apply in addition to regulations as set forth in Part I of this Tariff.
4. At a minimum, Channelized Trunks shall consist of one 1.544 Mbps Access Line (or other transport service substitute), one Service Interface, one Channel and one Telephone Number.
5. Vacation rate of Channelized Trunks is not allowed.
6. Two-way DID Service is not allowed for use with Channelized Trunks.
7. Foreign Exchange Service is not allowed for use with Channelized Trunks.
8. Duo County Telephone does not assume responsibility for the compatibility or suitability of customer's equipment. Dispatches to customer premises caused by customer equipment troubles will result in a Premise Visit Charge as provided in Section 10(c) of Service Connection Charges in this Tariff. This charge applies to customers for each dispatch required in connection with a customer's service difficulty or trouble report when it is determined that the source of the difficulty or trouble is on the customer's side of the demarcation point. This charge does not include any further isolation work beyond the demarcation point.
9. Channelization at customers' premises is provided by the customer. Customer premises channelization equipment and any other associated network termination equipment are available through various vendors, including Duo County, on a detariffed basis. Joint provisioning of channelized services introduces joint responsibilities between the customer and Duo County.
 - a. Responsibilities of Duo County
 1. Duo County will endeavor to activate its portion of joint service in a timely manner on the negotiated date to support installation requirements.
 2. Duo County will provide the customer with information regarding the type and the manufacturer of Central Office (C.O.) channelization equipment to be used in each application.

B. Regulations (continued)

9. a. Responsibilities of Duo County (continued)

3. Duo County reserves the right to change its equipment vendors should equipment availability, price or technological advantages make such a change attractive or necessary.
4. Digital synchronization timing for Duo County Channelized Trunks will be provided by Duo County.

b. Responsibilities of the Customer

1. The customer must be prepared to activate his portion of joint service in a timely manner on the negotiated date, providing testing equipment and personnel to support installation requirements, as may be necessary.
2. The customer will be responsible for selecting his own equipment. Customer equipment must be compatible with Duo County provided channelization at the central office.

c. Trouble Resolutions

Duo County will assist the customer in resolving any installation or day-to-day channel service problems. However, Duo County does not assume responsibility for the compatibility or suitability of the customer's equipment. Dispatches to customer premises caused by customer equipment troubles will result in a Premise Visit Charge to the customer, as provided in Section 10(c) of Service Connecting Charges in this Tariff.

10. Channelized Trunk Service may be ordered at the customer's option on a monthly rate basis or for eligible customers on a Term Discount period of 36 months (3 years). Eligibility for the Term Discount requires a minimum of three (3) DS1 services. For customers who subscribe to the Term Discount plan for 36 months, the Term Discount percentage as set forth in C.2.f. following will be used for the discount period. At the end of the Term Discount period, the customer may convert to month-to-month service or subscribe to a new Term Discount plan. If the customer does not make a choice by the end of the discount period, the rates will automatically convert to month-to-month service rates.

If the customer chooses to disconnect all or a portion of the service prior to the expiration of the Term Discount period, discontinuance charges of fifteen percent (15%) of the total undiscounted monthly charges will apply to the remaining portion of the discount period. A discontinuance charge will not apply if service is upgraded with a higher level of service during the term discount period.

1. Service Definitions (continued)

b. 1.544 Mbps Interoffice Facility- Channelized Trunks 1.544 Mbps Interoffice Facilities are furnished between Company central offices. Charges are assessed in mileage bands based on the airline distance between central offices.

1. Airline distance between Company central offices shall be developed using the methodology in the National Exchange Carrier Association (NECA) Tariff No. 4. Fractional mileage shall be rounded up to the next whole mile.

2. Foreign Exchange Service is not allowed for use with Duo County Channelized Trunks 1.544 Mbps Interoffice Facilities.

3. Customers who wish to utilize other Company-provided interoffice transport facilities that meet or exceed the required standards to transport Duo County Channelized Trunks will not incur charges for substitute Duo County Channelized Trunk elements.

c. Service Interface - Service Interfaces are furnished in the Company's central offices and are charged as a single element of service.

d. Channels - Channels are furnished in the Company's central offices for activation of trunks to be transported via the other required elements of Duo County Channelized Trunks. Direct Inward Dial (DID), Outward Only and Combination Channel Types are available.

e. Telephone Number - One Telephone Number is required for each channel activated. There is no charge for Telephone Numbers on Outward Only or Combination Channels.

f. DID Optional Features - Customers who require Direct Inward Dialing (DID) channels are allowed to choose Dial Pulsing (DP), Multifrequency (MF) Pulsing or Dual Tone Multifrequency (DTMF) Pulsing signaling arrangements.

g. Special Construction Charges - The rates specified for Duo County Channelized Trunks contemplate the provision of a digital quality facility over existing interoffice carrier equipment and/or exchange facilities compatible with this service. If new facilities or equipment or changes to existing facilities or equipment are required for the provision of this service, a special construction charge, based on the cost incurred to make the changes, may apply in addition to the rates and/or charges appropriate for Duo County Channelized Trunks.

MESSAGE TOLL TELEPHONE SERVICE

I. APPLICATION OF TARIFF

A. This Tariff applies to message toll telephone service furnished or made available by the Telephone Company over facilities wholly within or partly within the State of Kentucky, between two or more points within the State of Kentucky, where the respective rate centers of such points are also located in said State.

1. Toll rates ascertained as herein outlined are the effective rates applicable.

B. Explanation of Symbols

- (C) Signifies a changed regulation
- (D) Signifies a discontinued rate, treatment or regulation
- (I) Signifies an increased rate or new treatment resulting in increased rate.
- (N) Signifies a new rate, treatment or regulation
- (R) Signifies a reduced rate or new treatment resulting in reduced rate.
- (T) Signifies a change in text but no change in rate, treatment or regulation.

II. GENERAL REGULATIONS

A. Definitions

Message toll telephone service is that of furnishing facilities for telephone communication between telephones in different local service areas in accordance with the regulations and system of charges specified in this Tariff. The toll service charges specified in this Tariff are in payment for all service furnished between the calling and the called telephone.

B. Undertaking of the Telephone Company

The Telephone Company does not undertake to transmit messages, but offers the use of its facilities for communication between its customers.

II. GENERAL REGULATIONS (Cont.)

C. Priority of Service

In case a shortage of facilities exists at any time, either for temporary or protracted periods, the establishment of message toll telephone service shall take precedence over all others.

D. Limited Conversation

The Company reserves the right to limit the length of conversation when necessary in times of emergency resulting in a shortage of facilities.

E. Liability of Telephone Company

1. In view of the fact that the customer has exclusive control of his communications over the facilities furnished him by the Telephone Company, and of the other uses for which facilities may be furnished him by the Telephone Company, the services and facilities furnished by the Company are subject to the terms, and limitations herein specified.
2. The liability of the Telephone Company for damages arising out of mistakes, omissions, interruptions, delays, or errors or defects in transmission, occurring in the course of furnishing service or other facilities and not caused by the negligence of the customer, shall in no event exceed an amount equivalent to the proportionate charge to the customer for the period of service during which such mistake, omission, interruption, delay, error or defect in transmission occurs. No other liability shall in any case attach to the company.
3. When the lines of other telephone companies are used in establishing connections to points not reached by the Telephone Company's lines, the Telephone Company is not liable for any act or omission of the other company or companies.

II. GENERAL REGULATIONS (Cont.)

F. Obligation of Customer

1. The calling party (or customer) shall establish his identity in the course of any communication as often as may be necessary.
2. The calling party (or customer) shall be solely responsible for establishing the identity of the person or persons with whom connection is made at the called station.

G. Advance Payments

1. Applicants for service who have no account with the Telephone Company or whose financial responsibility is not a matter of general knowledge, may be required to make an advance payment at the time the application is signed equal to any construction charges applicable and at least one month's estimated charges for the service provided.
2. The amount of the advance payment is credited to the customer's account as applying to any indebtedness under the contract.

H. Payment for Service

The customer is required to pay all charges for service in accordance with the Telephone Company's regular billing and collection practices.

1. Deposits

The Telephone Company may, in order to safeguard its interest, may require an applicant or customer to make suitable deposit to be held by the Telephone Company as a guarantee on the payment of charges. The fact that a deposit has been made in no way relieves the applicant or customer from complying with prompt payment of bills on presentation. At such time as the contract is terminated, the amount of the deposit is credited to the customer's account and any credit balance which may remain is refunded. At the option of the Telephone Company, such a deposit may be refunded or credited to the customer at any time prior to termination of the contract. In case of a cash deposit, simple interest at the rate of 6% per annum is paid for the period during which the deposit is held by the Telephone Company, provided the period is thirty days or more.

II. GENERAL REGULATIONS (Cont.)

J. Cancellation for Cause

Upon nonpayment of any sum due the Telephone Company or upon a violation of any of the conditions governing the furnishing of a service or upon the use of any service for the purpose of performing any service in competition with the service which the Telephone Company or its connecting carriers may now or hereafter furnish, the Telephone Company may, by notice in writing to the customer, without incurring any liability, forthwith discontinue the furnishing of said service and terminate the contract.

III. RATES

A. Concurrence in Regulations and charges of South Central Bell Telephone Company and General Telephone Company.

1. Duo County concurs in the rates, rules, and regulations governing intrastate communication as filed by South Central Bell and General Telephone Company.
2. Duo County extends this concurrence to any and all charges which may be made subsequent to this date by South Central Bell Telephone Company and General Telephone Company.
3. Duo County hereby expressly reserves the right to cancel and make void this statement of concurrence at any such time as it appears that such cancellation is to the best interest of Duo County Telephone Cooperative.

C.A.T.V. POLE ATTACHMENTS

A. APPLICATION OF TARIFF

This tariff contains regulations and charges applicable to the provision of attachment space for cable television facilities on poles of the Duo County Telephone Cooperative Corp., Inc. hereinafter referred to as the "Company".

(N)

The terms and conditions contained herein apply where the C.A.T.V. operator, as a customer of the Company, proposes to install coaxial or other types of television distribution cables, amplifiers, drop wires, wires, cable messenger anchors or other appurtenances and desires to attach such equipment to poles of the Company.

B. DEFINITIONS

POLES - All references to "poles" of the Company shall mean poles which are solely owned by the Company.

POLE ATTACHMENT - This is any attachment by a C.A.T.V. operator to a Company Pole.

EQUIPMENT - The equipment referred to herein consists of coaxial or other types of television cables, amplifiers, drop wires, wires, cable messengers, anchors and any other appurtenance used in the provision of C.A.T.V. service.

C.A.T.V. OPERATOR - All references herein to C.A.T.V., C.A.T.V. Company and/or Operator shall mean any entity which provides C.A.T.V. service.

C.A.T.V. SERVICE - Shall mean the transmission, by cable, of television signals within any exchange of the Company

C. GENERAL

The Company will make available to C.A.T.V. Operators space on the poles of the Company. This space is subject to the following conditions and limitations which the Company or appropriate regulatory body deem to be in the interest of the telephone using public. The C.A.T.V.

system shall be considered to be a customer or subscriber of the Company and shall be subject to other parts and sections of this Tariff.

1. Before making attachment to any pole or poles of the telephone company, C.A.T.V. shall make application and receive a permit. Before a permit can be issued the telephone company will impose a bonding or insurance requirement to assure safe and adequate construction and operating practices on the part of the C.A.T.V. operator.
2. The application for permit shall consist of drawings and associated descriptive matter which shall be adequate in all detail to enable the telephone company to thoroughly check the proposed installation of the C.A.T.V. operator.
3. When the application for a permit requires the telephone company to do any work to make room for the C.A.T.V. facilities on the telephone company's poles, the C.A.T.V. operator will reimburse the telephone company for the entire nonbetterment portion of the cost and expense thereof, including the walk through inspection, engineering, staking, the cost of the larger poles, sacrificed life value of poles removed, cost of removal and the expense of transferring telephone company's facilities from the old to the new poles.
4. Where C.A.T.V.'s desired attachments can be accommodated on present poles of the telephone company by rearranging telephone company facilities thereon, the C.A.T.V. operator will compensate the telephone company for full expense incurred in completing such rearrangements. The C.A.T.V. operator will also reimburse the owner or owners of other facilities attached to said poles for any expenses incurred by it or them in transferring or rearranging said facilities.
5. The C.A.T.V. operator will reimburse the telephone company for any authorized expense within ten (10) days after receipt of the telephone company's invoice for such expense.
6. The C.A.T.V. company shall secure from the proper franchising authority, a franchise to erect and maintain its equipment within public streets, highways and other thoroughfare, provided such

The C.A.T.V. company shall provide to the Company documentation evidencing that all such franchises, consents, permits, licenses, easements and rights-of-way have been obtained. The C.A.T.V. company shall additionally provide the Company a map depicting the franchised area in which pole attachments may be applied for by the C.A.T.V. company.

The C.A.T.V. company shall assist in, and bear the expense of securing any additional consents, permits, or licenses that may be required by the Company because of C.A.T.V. pole attachments.

The franchises, consents, permits, licenses, easements and rights-of-way of the Company are for its own facilities and the provision of its other services. No rights in such franchises, consents, permits, licenses, easements or rights-of-way are conferred upon any C.A.T.V. company hereunder.

7. Upon application for attachment, the C.A.T.V. company shall submit evidence satisfactory to the Company of its authority to erect and maintain its equipment within public streets, highways, and other thoroughfares and shall secure any necessary franchise, license, permit, consent, easement or rights-of-way from Federal, State or municipal authorities or owners of property now or hereafter required to construct and maintain such equipment at the location of facilities of the Company which it desires to use. In the event any such franchise, thereafter denied to the C.A.T.V. company for any reason, permission to attach to Company poles so affected shall immediately terminate, the C.A.T.V. company shall forthwith remove its equipment from Company facilities.

Upon notice from the telephone company to the C.A.T.V. company that the removal or cessation of the use of any pole has been requested or directed by Federal, State or municipal authorities, or property owners, permission to attach to such pole shall immediately terminate and the C.A.T.V. company shall forthwith remove its equipment therefrom.

8. The C.A.T.V. company shall indemnify, protect, and hold harmless the Company from and against any and all claims for libel and slander, copyright and/or patent infringement arising by reason of attachment of C.A.T.V. equipment to Company poles or installation of C.A.T.V. equipment in Company cable ducts, pursuant to this tariff.

9. No use, however extended, of the Company's poles under this tariff shall create or vest in the C.A.T.V. company any ownership or property right in said poles. Nothing herein contained shall be construed to compel the Company to maintain any of its facilities for a period longer than that demanded by its other service requirements.

The company reserves to itself, its successors and assigns the right to maintain its poles and to locate and operate its facilities in such manner as will best enable it to fulfill its other public service requirements. The Company shall not be liable to the C.A.T.V. company for any interruption to the service of the C.A.T.V. company or for any interference with the operation of the equipment of the C.A.T.V. company, when caused by circumstances beyond its control.

The Company reserves the right to provide pole attachment space to more than one C.A.T.V. company and to make such space available to other entities. This tariff shall not limit the rights and privileges previously granted to others to use any poles covered by this tariff, and the privileges provided by this tariff shall at all times be subject to such previously granted rights.

Failure to enforce or insist upon compliance with any of the terms or conditions of this tariff shall not constitute a general waiver or relinquishment of any such terms or conditions, but the same shall be and remain at all times in effect.

The C.A.T.V. company shall not assign, transfer or sublet any rights to make pole attachments without the prior written consent of the Company, except that nothing contained herein shall be construed as depriving a C.A.T.V. company of its property or the ability to dispose of its property in any manner it deem reasonable.

10. The C.A.T.V. company shall indemnify, protect, and hold harmless the Company and other joint-users of said poles from and against any and all loss, costs, claims, demands, damage and/or expense arising out of any demand, claim, suit or judgement for damages to property and injury to or death of persons, including the officers, agents, and employees of the C.A.T.V. company, the Company and any joint user, including payment made under any Workmen's Compensation Law or under any plan for employees' disability and death benefits, which may arise out of or be caused by the installation, maintenance, presence, use or removal of said equipment or by the proximity of C.A.T.V. equipment to the cables, wires, apparatus and appliances of the Company of any joint user, or arising out of any act, omission or negligence or alleged act, omission or negligence of the C.A.T.V. operator or the joint negligence of the C.A.T.V. operator and the Company and/or any joint users. In the event of a claim or allegation of negligence, sole or joint liability must be determined among pole users or judicially.

The C.A.T.V. company shall maintain in full force and effect the following insurance policies or bond in lieu thereof providing an equivalent protection: (1) Workers' Compensation and Occupational Disease covering the C.A.T.V. company's full liability under the Workers' Compensation Laws of the Commonwealth of Kentucky. This shall include Employer's Liability insurance in the amount of \$100,000. (2) Comprehensive General Liability insurance, in the amounts of \$1,000,000 Combined Single Limits or \$1,000,000 each occurrence, and \$1,000,000 aggregate for any accident resulting in bodily injuries to or the death of one or more persons and the consequential damages arising therefrom together with Property Damage Liability in the amount of \$500,000 each occurrence, with an aggregate total limit of \$500,000.

All policies of insurance shall contain written endorsements to the effect that the amount of coverage of the insurance provided thereby will not be reduced or terminated without thirty (30) days written notice first being given to the Company. The C.A.T.V. operator shall promptly notify the Company of all claims and potential claims relating to damage to property or injury to or death of persons arising or alleged to have arisen in any manner by or associated with, directly or indirectly, the presence or use of the C.A.T.V. company's equipment upon or within any facility of the Company.

The C.A.T.V. company shall exercise special precautions to avoid damage to facilities of the Company on said poles and hereby assume all responsibility for any and all loss for such damage. The C.A.T.V. company shall make an immediate report to the telephone company of the occurrence of any such damage and shall reimburse the Company for the expense incurred in making repairs necessitated thereby.

11. The C.A.T.V. company shall furnish a bond for each individual C.A.T.V. system utilizing pole attachments under this tariff to guarantee the payment of any sum which may become due to the Company for rental, penalty, and make-ready charges and work performed by the Company, pursuant to this tariff, for the benefit of the C.A.T.V. company or as a result of default or forfeiture by the C.A.T.V. company. The amount of such bond shall be based upon the following:

(1) A bond of \$10,000 shall be furnished, except as provided in (2) below.

(2) After one year following the completion of construction of an individual C.A.T.V. system and its placement into operation, the C.A.T.V. operator may request that the required amount of bond be reduced. Upon the Company's receipt of satisfactory evidence that all mechanics, workmen and material men who furnished services, labor or materials in the construction of such C.A.T.V. system, and all taxing authorities, have been paid all amounts due them, the Company will reduce the amount of bond required to the following:

D. CONSTRUCTION AND MAINTENANCE

1. The C.A.T.V. operator's cables, wires and appliances, in each and every location, shall be erected and maintained in accordance with the requirements and specification of the National Electrical Safety Code, 1981 Edition, or any amendments or revisions of said code and in compliance with any other codes, rules or orders now in effect or that hereafter be issued by the Public Service Commission or other authority having jurisdiction.
2. The C.A.T.V. operator shall place its wires, cables and appliances not less than one (1) foot ABOVE existing telephone facilities.
3. The C.A.T.V. operator shall at its own risk and expense, make and maintain attachments in a safe condition and in thorough repair, and in a manner suitable to the telephone company, or by other persons, firms, corporations, governmental units, etc., using said poles, pursuant to any license or permit of the telephone company, or interfere with the working use of facilities there or which may, from time to time, be placed thereon.
4. The C.A.T.V. operator shall at any time, at its own risk and expense, upon forty-eight (48) hour notice from the telephone company relocate, replace or renew its facilities placed on said poles, and transfer them to substituted poles, or perform any other work in connection with said facilities that may be required by the telephone company. In cases of an emergency situation, immediate action may be required of the C.A.T.V. operator without the forty-eight (48) hour notice.
5. If the C.A.T.V. operator is unable or unwilling to meet the telephone company's time schedule for such changes, the telephone company may do the work and charge the C.A.T.V. operator its reasonable cost for performing the change of C.A.T.V. attachments. The sole risk and expense of the operation shall be borne by the C.A.T.V. operator.

D. CONSTRUCTION AND MAINTENANCE (Continued)

6. In cases of broken or damaged poles, the telephone company shall not be required or expected to clear traveled portions or public highways or private property of C.A.T.V. wires and cables. (N)
7. To prevent lightning damage and to promote safety, the last company installing a support messenger on a pole shall bond to the existing support messenger of the other company. This bonding requirement will be at least once every fifteen hundred (1500) feet of messenger length.
8. The telephone company reserves to itself, its successors and assigns, the right to maintain its poles and to operate its facilities thereon in such manner as will, in its judgement, best enable it to fulfill its own service requirements. The telephone company shall not be liable to C.A.T.V. operator for any interruption to service of the C.A.T.V. operator or for interference with the operation of the cables, wires and appliances of the C.A.T.V. operator arising in any manner out of the use of telephone company poles. This does not exclude any company's liability for damage to another's equipment through negligence.
9. Whenever, pursuant to this tariff, the C.A.T.V. company shall be required to remove its equipment from any pole, such removal shall be made within thirty (30) days following the notice given by the Company to the C.A.T.V., except as otherwise specifically provided. Upon failure of the C.A.T.V. company to remove such equipment within thirty (30) days or as otherwise required, the Company may remove them and charge the C.A.T.V. company all costs associated with such removal.
10. The telephone company, because of the importance of its service, reserves the right to inspect each new installation of the C.A.T.V. operator on its poles and in the vicinity of its lines or equipment and to make periodic inspections, as plant conditions warrant, of the entire plant of the C.A.T.V. operator. The original inspection shall be on a per cost basis and there shall be no cost for the periodic inspection.
11. When substandard installations are found which are not created by the telephone company but by the C.A.T.V. operator, the telephone company will charge the C.A.T.V. operator for cost of correcting them. (N)

D. CONSTRUCTION AND MAINTENANCE (Continued)

12. The C.A.T.V. operator shall not attach to any pole hardware of the telephone company for supporting of any C.A.T.V. wires or cable.
13. The C.A.T.V. operator shall not attach to any anchor of the telephone company.
14. The C.A.T.V. company shall not interset poles where the Company facilities are located nor shall it locate poles, guys, or other facilities where they will interfere with access to Company poles or to poles to be constructed by the Company. Intersetting is herein defined as setting poles within another's pole line and right-of-way.
15. The telephone company does not have conduit space available.

E. RATES

RENTAL CHARGES - The C.A.T.V. company shall pay to the Company, annually in advance, the rental charges specified below. Annual billing shall be made in July of each year.

From the effective date of the permit for previously unbilled attachments, which shall be the date when the Company's facilities are made available for use by the C.A.T.V. company, to the date of the next annual billing, the annual rental rate shall be payable on a prorated basis with such fractional amount submitted with the application for attachment.

RENTAL RATE - Per 2-User Pole, Annually	\$3.45
Per 3-User Pole, Annually	\$2.75

PENALTY CHARGES - Where pole attachments have been made without receipt of authorization from the Company, appenalty charge of twice the amount of the annual rental rate shall apply, in lieu of the annual rental rate, from the date of the last pervious physical inventory of pole attachments of inspection required pursuant to the rules of the Kentucky Public Service Commission, whichever is most recent. Additionally a special "make-ready" charge, equal to twice the amounts which would have been due and applicable if the attachment had been properly authorized, shall apply.

DUO COUNTY TELEPHONE COOPERATIVE CORP., INC.

C.A.T.V. ATTACHMENT CHARGE
COST JUSTIFICATION

I. Weighted Average Cost of 30' & 35' Poles:

	<u>Quantity</u>	<u>Cost</u>
30' Poles	3077	\$368,409
35' Poles	<u>618</u>	<u>102,199</u>
	<u>3695</u>	<u>\$470,608</u>

$$\text{Average Cost/Pole} = \$470,608 \div 3695 = \underline{\underline{\$127.36}}$$

II. Weighted Average Cost of 40' & 45' Poles

	<u>Quantity</u>	<u>Cost</u>
40' Poles	179	\$44,424
45' Poles	<u>35</u>	<u>7,215</u>
	<u>214</u>	<u>\$51,639</u>

$$\text{Average Cost/Pole} = \$51,639 \div 214 = \$241.30$$

III. C.A.T.V. Attachment Charge Justification
Per 1982 Report M

Depreciation	4%
Taxes.	$\frac{116,074}{9,293,968} = 1.25\%$
Administration & Overhead. .	$\frac{28,064 + 82,664 + 195,244 + 238,736}{\frac{9,293,968 + 9,171,993}{2}} = 5.90\%$
Maintenance.	$\frac{9,938}{\frac{1,083,042 + 1,122,791}{2}} = 0.9\%$
Rate of Return	4.46%
Contribution to Common Costs. 15% of 16.51%	= 2.48%
Total Annual Carrying Charge =	<u><u>18.99%</u></u>

IV. Calculation of Charge For Two Party Poles:

$$= \$127.36 \times 78\% \times 18.99\% \times .1818 = \$3.43$$

Therefore We Propose \$3.45/Attachment

V. Calculation of Charge For Three Party Poles:

$$= \$241.30 \times 78\% \times 18.99\% \times .0759 = \$2.71$$

Therefore We Propose \$2.75/Attachment
